project description

hansen was engaged by the TAC as a consulting town planner to assist its relocation from Melbourne to Geelong. Our role focused on the preparation of an RFT, review and advice to TAC on relevant town planning matters and submissions to the RFT by a number of consortiums.

hansen had an instrumental role in facilitating the coordination of government departments and relevant stakeholders which included the Minister for Planning, City of Greater Geelong, DOI, DSE, VicTrack, VicRoads, Heritage Victoria and VicUrban.

This project followed a planning process which relied on a Ministerial Amendment pursuant to Section 20(4) of the Planning and Environment Act 1987. The site at 40 – 60 Brougham Street Geelong was included in the Schedule to Clause 53 of the Greater Geelong Planning Scheme, where use and development is controlled through an Incorporated Document, also referenced in Clause 81 of the Greater Geelong Planning Scheme.

The project was eventually awarded to a consortium involving FKP Property Group and is due to be completed in early 2009.
